Hi Gary:

Have you started an administrative record file? I would like this and the Corps' subsequent response that they read the comments to be in that file. After the holidays, we should probably start working more on the record. Thanks.

Thanks Earl.

FYI, I am forwarding the comments I received from the reviewers of the draft San Jacinto report; this is only to provide additional background & discussion on the EPA comments I sent you. Please let me know if you have any questions on this.
